RE: 2016 MNESTA Membership Investment

MNESTA is pleased to report that 2015 was another great year for our association. We continue to have many member and associate member volunteers working on your behalf to make our industry strong and unified.

Below are highlights from what your association has accomplished in 2015:

- 1) Monitoring and acting upon proposed changes to our industry licensing and negotiating for continued sensible licensing and training requirements. In addition, we have been working to achieve consistent enforcement of our current licensing.
- 2) Continuing a strong required CEU training program for members that not only helps you maintain licensing, but is valuable to growing your business. This now includes online Webinar classes, as well as classroom training. Classes are free to members based on availability.
- 3) Continuing our effort towards strengthening our relationships with law enforcement and establishing fair and enforceable ordinances.
- 4) Holding solid membership meetings and events to keep you informed and up-to date with the challenges facing our industry.
- 5) We have updated our website and are continuing to add new content. Please take a look: www.mnesta.org.

We thank you for your valued commitment to MNESTA.

In 2016, we are looking forward to making our association stronger by increasing our membership, continuing our legislative action to ensure fair and sustainable licensing and continue building our relationships with your law enforcement agencies. If the need arises, we may call upon you to contact your legislators.

With your continued MNESTA membership, we will professionally represent you and the best interests of our industry. Dedication to excellence by the Board of Directors, staff and volunteers is our commitment to you.

Thank you for your continued support!
